

ABHISHEK DWIVEDI

Lucknow, India | +91 8858826519 | abhidwi8858826519@gmail.com | [LinkedIn](#) | [Github](#)

PROFESSIONAL SUMMARY

Motivated Data Analyst and Full-Stack Developer with strong proficiency in Python, SQL, Microsoft Excel, Power BI, HTML5, CSS3, JavaScript, and Node.js. Demonstrated ability to build and deploy multiple end-to-end projects. Eager to leverage technical expertise and practical implementation skills to drive data-driven decision-making and contribute to organizational growth.

SKILLS

TECHNICAL SKILL

- **Programming Languages:** Python (NumPy, Pandas), SQL (MySQL, PostgreSQL)
- **Web Development:** HTML5, CSS3, Javascript, AppScript, Nodejs.
- **Data Visualization & Tools:** Power BI, Tableau, Matplotlib, Seaborn, Git, GitHub, VS Code, Microsoft Excel, Google Sheet.
- **Database Management:** Relational Databases, Basic ETL Pipelines, Data Mining & Cleaning.

SOFT SKILL

- **Analytical Thinking:** Extracted actionable business insights from complex datasets via a custom Sales Analytics Dashboard.
- **Communication:** Effectively pitched technical system architectures to diverse audiences as a Hackathon Team Leader.
- **Team Collaboration:** Coordinated seamlessly with peers to build and deploy complex web systems under tight deadlines.
- **Problem Solving:** Engineered Ai-driven and automated full-stack solutions to resolve real-world inefficiencies.
- **Quick Learner:** Rapidly mastered modern frameworks like Node.js to deliver advanced project features.

PERSONAL PROJECTS

Sales Analytics Dashboard | Python, Pandas, SQL, Microsoft Excel, HTML/CSS

- **Full-Stack Development:** Built a dynamic Sales Analytics Dashboard using Python, Flask, and HTML/CSS.
- **Database Management:** Integrated an SQLite database for efficient and secure data storage and retrieval.

- **Data Visualization:** Designed an intuitive frontend to translate raw sales data into actionable business insights.
- **Deployment:** Successfully deployed the web application using Netlify and PythonAnywhere for cross-platform access.

Smart Entry Management Portal | HTML, CSS, JavaScript, Google Apps Script

- **System Development:** Built a digital Smart Entry System to automate campus management and track real-time student entry/exit.
- **Tech Stack:** Developed a responsive frontend (HTML, CSS, JS) integrated with Google Apps Script for backend data handling.
- **Deployment:** Deployed the application via Vercel and Netlify to ensure high availability and smooth performance.

Apna Khet (Crop Disease Detection System) | Node.js, TensorFlow.js, Teachable Machine, Google Apps Script, HTML/CSS

- **AI/ML Integration:** Built an agricultural web application utilizing TensorFlow.js and Teachable Machine for automated crop disease detection.
- **Backend Development:** Engineered the backend architecture using Node.js and Google Apps Script for seamless data processing and user management.
- **Problem Solving:** Delivered a practical, AI-driven digital solution to assist farmers with early disease identification and improve crop yield.
- **Deployment:** Successfully deployed the AI-integrated web application and Node.js backend to cloud hosting platforms to ensure high availability and real-time access for users.

EDUCATION

Bachelor of Computer Applications (BCA) in Data Science & AI

Babu Banarsi Das University, Lucknow	2024 - 2027
	CGPA - 9.02

Intermediate

Narayana Public School, Gonda	2023 - 2024
-------------------------------	-------------

High School

Narayana Public School, Gonda	2021 - 2022
-------------------------------	-------------

INTERNSHIP

- | | |
|---|--------------------|
| <ul style="list-style-type: none"> • Web Development | October - Jan 2027 |
| UptoSkill | Remote |
| <ul style="list-style-type: none"> • Content Writing | March - May 2025 |
| Earth5R | Remote |

CERTIFICATIONS

- Certificate of Hackathon SIH | BBDU | 2026
- Certificate of Ai Tools Workshop | be10X | 2026
- Certificate of Unlocking Claude - Advanced AI Tools Session | be10X | 2026
- Certificate of Appreciation in Technical Forum | BBDU | 2026
- Certificate of Appreciation in Technical Forum | BBBU | 2025
- Certificate of Software Exhibition | BBDU | 2025
- Certificate of Code Rush : The Algo Chase | BBDU | 2025
- Certificate of Group Discussion | BBDU | 2024
- Certificate of Vultr Cloud Innovate Hackathon | GeeksforGeeks | 2024
